

Each accessory locks in automatically **fast & secure** when it is attached to the adapter, without the need for straps or buckles. It is released only when the red button is pressed. Accessories are attached and released within seconds.

You can choose from a wide range of **fits everywhere** accessories and adapters. Klickfix Products are available for many locations on the bike: for handlebar, saddle, frame, carrier, seat post, stem and head tube.

You will always have the right equipment secured on your bike, carrying only those accessories you actually need for a given trip. Naturally, you can also transfer bags from one bike to another within seconds or use the same adapter for various different accessories.

# BaB's

A small bag that makes a big difference. An accessories bag built with with built-in 'Universal Clip' a practical addition to wide and close-mesh handlebar baskets. Straight forward and practical, but surprisingly new.

No more loose items bouncing in the basket. Simply clip BaBs onto the basket rim. All important items kept right at hand. Orderly interior with keyring. A security strap helps prevent theft and can easily be changed to the alternative function as shoulder bag.

On baskets or as shoulder bag – BaB's always looks good !

everything kept right at hand

## The best way to develop bicycle accessories is to sit on a bike yourself...

Companies that develop and produce their products locally are few and far between these days---yet they still exist, even in Germany. We control the entire production process of our products straight from our home base in Solingen, Germany---this includes everything from the first product idea on to the design, CAD, mold production, injection molding, assembly and packaging. Even DTP work for catalogues and packaging designs are done by own employees.

What truly matters to us is not only smart solutions and functional design, but also careful, high-quality production. The parts we do not produce ourselves are made by experienced suppliers according to our precise instructions.

Yet the true value of a product will only prove itself in real-life applications. We believe that the best way to develop good bicycle accessories is to sit on a bike yourself. This is why we are more than just designers, engineers, and producers — we are ourselves passionate bikers with many kilometres and many years of experience behind us.

During their many trips on the road, both founders of R&K became closely aware of the need for better bike product solutions. It is out of this experience that KLICKfix was born---the most flexible and well-known quick-release system for bicycle accessories. The patented deciding difference that makes KLICKfix unique: Bags, baskets or locks are securely fastened on the bike with a single "click" and released again through the simple press of a button.

Today R&K is a specialist for quick-release solutions on bicycles and offers the widest range of adapter systems on the bicycle market combined with its own large product range of accessories like bags, boxes, baskets and locks. Many famous brands for bike bags are supplied by R&K with quick release hardware.

# baskets for carrier adaptersystem

The handlebar adapter quickly transforms your touring bike into a city bike with shopping basket. Even with heavy loads (max. 7kg), the patented security cable ensures that the adapter is fixed securely on the handlebar and does not twist downward. Please observe the decreased maximum load (max. 5kg) that applies to Extender and the adapter for stem/head tube.

**KLICKfix TIP!** If you wish to leave your basket safely on your bike, choose the KLICKfix handlebar adapter with lock! Very practical in combination with our handlebar baskets are our little Basket Bags „BaB's“ (watch previous page).

## OVAL BASKET

Meshed basket with comfortable handle, oval shape and reduced height. The adapter plate can be adjusted to allow for 3 different basket heights.

40x19x29cm  
16L, 1000g

## LAMELLO MINI

Smaller and therefore extremely stable, weather-resistant basket made of polypropylene material. Comfortable handle and continuously adjustable adapter plate. Also perfect for kids' bikes.

32x24x22cm  
12L, 850g

## MINI BASKET

The smallest version of the meshed handlebar basket, with coated surface. With handle and special adapter plate for adjustable height. Especially well suited for kids' bikes. Also fits onto Extender for seat posts.

29x19x20cm  
10L, 900g

## STANDARD BASKET

Oval wire basket with handle and integrated coupling for KLICKfix handlebar adapter. With handle and coated surface. Thanks to a higher basket position, this basket leaves enough space for your light.

41x19x30cm  
16L, 900g

## UNILUX BASKET

Meshed basket with elegant handle. The **height-position of this basket is continuously adjustable**. A cylinder-shaped **light holder** allows you to mount common battery lights on the front side. The light clip clicks onto the front side of the basket rim. Thus even when the basket is full, the light will not be obstructed.

35x26x25cm  
16L, 1350g

## OVAL PLUS

Meshed, oval-shaped basket with especially large volume. Comfortable integrated handle with a catch at 90°. The adapter plate can be adjusted to allow for 3 different basket heights.

36x27x25cm  
18 L, 1250g

## OVAL PLUS EF

Large volume, extra-finely meshed basket with elegant handle. The adapter plate can be adjusted to allow for 3 different basket heights.

36x27x25cm  
18L, 1250g

## LAMELLO

Weather resistant basket made out of polypropylene material. With comfortable handle and continuously adjustable adapter plate. These baskets are especially popular along coastal areas because they'll never rust, even in salty air.

39x28x28cm,  
18L, 950g

## UNI BASKET

Most popular meshed basket with classic high shape. With coated surface and comfortable handle. Available in white, silver, black and anthracite. The adapter plate can be adjusted to allow for three different basket heights.

35x26x25cm  
16L, 1000g

In our Fashion series some cute and functional details are added to the basic model. The different colours and orange pipings add a sportive fresh look to all models.

All bags on this page fit perfectly to the KLICKfix handlebaradapter system.

If you don't like to use the bag on the handlebar, you can use it alternatively on the seatpost in combination with the Extender or Caddy. (e.g. ideal for foldable bikes or bicycles without carrier.)

### SHOPPER FASHION

A fresh look, extensive useful features and several thoughtful details. The stable cover with middle zipper keeps contents safe and is completely detachable via snap fastener. The large front compartment and inner compartment with 2 pouches and secret pocket keep everything well organized. During rainfall, you can pull the black rain cover over the regular cover for additional protection.

36x25x27cm  
21L, 1300g

### MATCHPACK

For sport and leisure. With drawstring, adjustable shoulder strap and light holder. Two separate zipper compartments keep your things organized. With detachable chromium frame for KLICKfix Extender or handlebar adapter. Shoulder strap can be attached at various spots.

31 x 46 x 24 cm  
24L, 900g

### ALLEGRA

Lots of elegant space. Ladies' shoulder bag that easily „clicks“ onto the KLICKfix handlebar adapter. Large main compartment and front compartment with flat pouch inside and zipper. Net compartments on both sides. Adjustable shoulder strap. With its slim shape, Allegra turns into a fashionable shoulder bag when you're exploring the city without your bike.

33 x 22 x 14 cm  
5L, 600g

### ALLEGRA FASHION

Fresh design with premium features. The adapter plate hides beneath a padded textile cover, transforming the functional handlebar bag into a chic handbag with carrying strap. The pouches, front compartment with zipper and side cell phone compartment provide perfect storage space.

25 x 23 x 10 cm  
4L, 650g

### MATCHPACK FASHION

A reworking of the classic duffel bag – diverse and functional for recreation, shopping, or trips to the beach. An integrated steel frame supports up to 7 Kg. High use value through the variability of its volume and thoughtfully designed details: detachable mobile holder, large front pocket and zip compartments. You can use the matchpack on handlebar or seatpost. The shoulder strap can be connected to 3 differently positioned eyelets.

31 x 46 x 28 cm,  
1000g, 25L

From baskets to Shoppers to Doggy Bags – diverse accessories are easily fixed within seconds on your bike. Shopping becomes fun and easy – simply „klick“ a Shopper on your bike and go! All accessories can be comfortably removed by a press of the red button. The patented security cable ensures that the adapter remains securely fixed and does not lean downwards, for a maximum load of 7kg. The KLICKfix handlebar adapter is also available with lock.

**KLICKfix TIP!** The adapter fits for handlebars Ø 22-26mm). For oversized handlebars Ø 31,8mm, specific clamps are available as accessories. The 5mm and 43mm distance sets create more space for cables and curved handlebars.

## SHOPPER

A fun alternative to the ordinary handlebar basket. The spacious bag can be folded after use. Made of robust material, with reinforced bottom and wide carrying straps.

38x25x29cm  
24L, 950g

## DOGGY

A safe and comfortable transportation device for four-legged friends max. 7kg (max. 5kg if bag is fixed on Extender or on handlebaradapter for stem). The special raincover leaves plenty of air and light access. All sides may also be closed completely and the cover stored in a side pocket. Equipped inside with cushion, adjustable leash and a buckle at the bottom of the bag. Large front compartment, net-compartments at both sides, carrying handle and reflector. The cover is completely detachable for easy opening and cleaning. All materials are washable.

38x25/40x29cm,  
24L, 1350g

## WICKER BASKET

This natural wicker basket is not heavier than wire baskets of comparable size. Its integrated chrome bracket is directly „clicked“ onto the KLICKfix handlebar adapter system (the photo shows the combination with the handlebaradapter for stem).

40 x 31 x 30cm,  
18L, 1250g

## SHOPPER PLUS

The traditional Shopper, additionally equipped with reflector and rain cover.

38x25x29cm  
24L, 950g

## SHOPPER COMFORT MINI

Smaller size for small purchases or the next short trip. Includes inner and outer zip compartments for keys and wallet, as well as front reflector, soft grip handles, and detachable raincover. Perfect also for many children's bikes.

32x23x24cm  
13L, 800g

## SHOPPER COMFORT

Lots of space with special features for maximum comfort. Extra inner and outer zip compartments keep keys and purse safe yet within easy reach. With front reflector, soft grip carrying handles, chromium-plated steel bracket and detachable rain cover.

38x25x29cm  
24L, 1000g

reisen<sup>thel</sup>®

A cooperative project of two famous brands. The stylish Reisen<sup>thel</sup> textile basket has a unique aluminium frame with KLICKfix coupling. Even taken on foot, the new Bikebasket is a fine shopping companion – even more attractive than many handbags.

**KLICKfix TIP!** The adapter is not included with the bikebasket. Choose the type of handlebar adapter that is best suited to your bike, e.g. the handlebar adapter for stem, Caddy, handlebar adapter for head tube or Extender. The handlebar adapter is now additionally available as oversize version for handlebars Ø 31,8mm.

- Advantages of the CLICKfix Handlebar Adapter:
- Extremely robust body thanks to glass-fibre reinforced plastics.
  - Ingenious security cable prevents the adapter from leaning downward on the handlebar. Maximum load up to 7 Kg.
  - Adjustable to suit every stem shape and desired inclination.
  - Opens up the widest range of accessories on the bicycle market.
  - Fully compatible with old and new accessories.
  - Also available with lock.

**CLICKfix TIP!** For oversized handlebars Ø 31,8 mm, special clamps are available as accessories.

Accessory includes handlebar adapter

**ALUMINUM BRACKET**

CLICKfix convenience for every handlebar bag with side sleeves. Made of 8mm carrier aluminium, very sturdy and lightweight. With black anodized surface.

25,5 x 5 x 17 cm  
80g

**SUNNY**

Lightweight, full-size map holder for every common map format. Its horizontal position minimizes the impact of wind. The removable, transparent hood protects the map from dirt and rain. Sunny automatically locks into the handlebar adapter.

27 x 27 cm  
200g

**ALLROUNDER XS**

Smallest Allrounder model, stylish and superbly well-equipped. Main compartment with buckles, front compartment with zipper, both with various inner pockets. Ideal for photographic or video cameras. Comfortable, detachable shoulder strap with padding at the shoulder. Thanks to its slim shape, this bag can also be used on curved handlebars.

13 x 18 x 12 cm  
1,5L, 350g

**ULTIMA**

Waterproof handlebar bag with **fold-out compartment for navigation devices**. The front pocket with net material for air access keeps smaller things within easy reach. The transparent map holder with Velcro strips is easily attached to the lid. An inner compartment with lining contains pouches and a large net compartment inside the lid. With detachable carrying strap, adapter plate and CLICKfix handlebar adapter.

26 x 24 x 17 cm  
1100g, 8L

**DAYPACK**

Time-proven, light touring handlebar bag, with CLICKfix aluminium frame in the side sleeves. Large front pocket, compartment for documents, detachable rain hood and shoulder strap. The removable, transparent map holder is attached with snap fasteners. Extra compartment for raincover at the back. Bag can be folded after use.

26 x 22 x 16 cm  
8L, 650g

**DAYPACK BOX**

Touring handlebar bag, complete with many practical features. Solid inner frame made of fibre glass reinforced polyamide. Large front pocket, compartment for documents, adapter plate on back side, detachable rain hood and shoulder strap. The transparent map holder is also completely detachable via snap fasteners.

26 x 22 x 16 cm  
8L, 800g

**ALLROUNDER**

The complete, universal handlebar bag has a solid inner frame and is made of double-layered material with foam inside. It can be used for many purposes, even as a camera bag. Large front pocket and various inner compartments with practical partitions.

26 x 22 x 16 cm  
8L, 950g

**ALLROUNDER MINI**

Compact, well-organized bag. With handle, detachable shoulder strap, main and front compartment with 2-way zipper, net- and mobile compartment at the sides. Thanks to its slim shape, this bag can also be used on strongly curved handlebars. It can also be used with Extender on seat posts.

15 x 18 x 12 cm  
3,5L, 450g

**ALLROUNDER TOURING**

The biggest handlebar bag model in our product range with solid inner frame. The only handlebar bag onto which a **lightholder can be attached at the bottom**. With several inner and outer compartments, shoulder-strap, raincover and reflector, this model is extremely well equipped. Separate section for maps and cover inside the bag. The cover can be folded into 2 different formats and can be fixed onto the ergonomically shaped oblique top in various positions. The included lightholder is easily supplied with 1-2 battery lights and fixed within seconds on the adapter plate at the bottom of the bag.

26 x 24 x 16 cm  
9L, 1100g

With Extender, accessories can be moved from the front of the bike to the seat post in the back. Your vision remains unobstructed, the steering is not influenced, and more space remains on the handlebar for your speedometer, bell or light. Especially for backpacks and Matchpacks, we recommend using the handlebar adapter in combination with Extender on the seat post (max. 5kg).

**KLICKfix TIP!** Depending on the amount of space on your bike, the backpacks can also be used in combination with other variants of the handlebar adapter, such as Caddy (more info on next page).

Accessory with handlebaradapter included.

**BAGGY MINI**

Our smallest and lightest handlebar bag with 2-way zipper. Thanks to its slim shape, this bag can also be used on strongly curved handlebars.

20x15x9 cm  
2,5L, 300g

**SMILE**

Slim handlebar bag with foam-supported shape. With raincover, shoulder strap and handle. Main compartment can be widely opened. Flat inner and large front compartment. Thanks to its slim shape, Smile can be used even on strongly curved handlebars.

20x12x21cm  
3,5L, 500g

**FREEPACK SPORT**

Say goodbye to riding with a sweaty back. This sportive click-on backpack is ideal for mountain bikes and all bikes without carrier in combination with Extender. The adapter plate allows for a slanting backpack position that gives the biker more space on the saddle. It does not cause discomfort when the bag is on your back. With several zipper- and net-compartments, backlight holder, raincover and extra compartment for helmet.

30x40x20cm  
24L, 1200g

**LIGHT BAG**

A smart and sportive variant of our successful Shopper models. Extremely light, unique and useful for multiple purposes. Main compartment with roll closure. Inner net compartment and soft interlining. Front compartment and side compartment for cell phone. Includes handle, carrying strap, and detachable rain cover. With aluminum bracket (2 Kg max.).

25x20x16 cm  
6L, 400g

**BAGGY**

An economical, compact handlebar bag for medium space requirements. Made of high-quality polyester, with reinforced shape. Main compartment can be widely opened. Extra compartment inside. Practical fabric carrying-loop covers the two-way zipper.

22 x 19 x 12 cm  
5L, 350g

**BAGGY PLUS**

Biggest Baggy with larger capacity, carrying loop and additional net pockets at the sides. Made of high-quality soft polyester. Extra inner compartment with zipper for valuables.

27x22x14cm  
8L, 400g

**FREEPACK META**

A real all-rounder of excellent quality with many practical features: Adjustable helmet holder, hidden in an extra compartment, yellow raincover, net compartments on both sides, several inner compartments, detachable key ring and light holder. A removable, chromium-plated frame transfers the backpack's weight onto the KLICKfix adapter (max. 5kg).

**Meta I:** 27x40x22cm, 21L, 1300g  
**Meta II:** 30x45x22cm, 26L, 1450g

**FREEPACK CITY**

The every-day companion for shopping, school, etc. that clicks onto Extender. Outer and inner compartments with zipper, net side compartments, separate inner compartment for valuables, light holder, and adjustable shoulder straps with integrated cell phone bag. No more sweaty back while biking! The adapter plate allows a slanting backpack position that gives the biker more space on the saddle. It does not cause discomfort when the bag is on your back.

26x38x15cm  
18L, 1100g

## alternative mountings

### HANDLEBAR ADAPTER FOR STEM

Allows the KLICKfix handlebar adapter to be mounted on the stem (Ø 22,2-25,4mm). This mounting position allows the adapter to remain independent of the inclination of adjustable stems. It also leaves more space on the handlebar for your bell, speedometer or bike light. The bracket can also be turned upside down, permitting a second possible mounting position, lower by 70mm. You can thus select the best mounting position to suit the frame size and type of your bike. Available with or without lock. Maximum load: 5kg.

### FRAME BRACKET

Made to be combined with the KLICKfix handlebar adapter. Only for bikes with special head tube threads. Many Dahon bikes come prepared for this adapter. Maximum load: 5kg

### HANDLEBAR ADAPTER FOR HEAD TUBE

This adapter integrates the same basic elements as the adapter for stem. However, it can only be mounted on bikes with integrated threads at the head tube. Because the adapter is fixed directly on the frame, the steering remains completely independent of accessory weight. Its new shape increases the distance to the front wheel, so that KLICKfix bags and baskets can be mounted even onto small frames, e.g. onto Dahon foldable bikes. Maximum load: 5kg

left: Uni Basket silver on handlebar adapter for head tube

right: Freepack Meta Backpack on handlebar adapter for head tube

## special accessories

### DISTANCE SET 43mm

Ensures that the adapter fits even onto curved handlebars and creates extra space for brake and derailleur cables. Now with integrated adjustable inclination – especially practical for adjustable stems.

### DISTANCE SET 5mm

Slightly increases the distance to the handlebar when more space is needed.

### CLAMPS Ø 31,8mm

For mounting the KLICKfix handlebar adapter onto oversized handlebars. Available as accessories.

### OVERSIZE HANDLEBAR ADAPTER **new**

Additionally to the Standard model the handlebar adapter is now available for oversized handlebars Ø 31,8mm.

The KLICKfix handlebar supports the greatest range of accessories on the bike market. The standard model is available with or without lock.

To allow for the use on different types of bikes, we offer clamps and distance sets of different sizes. Furthermore, different types of sockets allow you to mount the adapter elsewhere, e.g. on the seat post, stem or head tube.

Accessories for the handlebar adapter can be used on all variants of the adapter that have this body.

## for KLICKfix handlebar adapter

### EXTENDER

Extender allows you to use all handlebar accessories on the seat post. Holds bags, backpacks and baskets. Easy mounting with stainless steel strap on any seat post of Ø 25-32mm. An oversized clamp for seatposts Ø 32-36mm is available as an accessory.

Maximum load: 5kg

### HANDLEBAR ADAPTER HUMPURT AHS

Specially designed for mounting onto the multi-position Humpert handlebar A.H.S. In this way, baskets, bags and map holders are comfortably fixed onto this adjustable handlebar with multiple possible positions.

Maximum load 7kg

### HANDLEBAR ADAPTER CADDY

New variant of the KLICKfix handlebar adapter for mounting on vertical tubes Ø 25-36mm. Robust body of glass fibre reinforced polyamide. Especially well suited for foldable bikes, scooters, golf carts, wheelchairs, etc.

Maximum load 7kg

This compact adapter version fits all common seat posts, so that you can enjoy all Contour bag advantages even on bikes without carrier (up to 2kg). When you ride without the bag, only the tiny adapter remains on the bike. Comes with two clamps for Ø 25-28 and for Ø 28-32mm.

**KLICKfix TIPP!**  
Contour bags were developed for bikes without carrier. They provide plenty of space for your raincoat, tools or food and offer good protection against dirt and water.

Oversized clamp Ø 32-36mm available as an accessory.

Contour adapter included.

**CONTOURA**

The compact, expandable bag with robust, detachable, glass fibre reinforced bracket. Especially well-suited for hard MTB action, thanks to its compact shape. Spacious main compartment, net-compartments on both sides, elastic string on top. With carrying handle, light holder and reflector. Bottom made of easy-to-clean vinyl material.

12x15x22cm  
2L, 230g

**CONTOUR**

A simple and lightweight model, often used on racing bikes. Aerodynamic design. One main compartment with central zipper and reflector. The bag can be unbuttoned and completely detached from the aluminium frame for cleaning.

12x14x26cm  
3,5L, 380g

**CONTOUR SF**

Even when the saddle position is low, sufficient space remains between this bag and the back tire, making this bag ideal for small frames. Main compartment with covered middle zipper. Additional zipper compartments for small things on both sides. Reflector and light holder on rear side. Bottom made of easy-to-clean vinyl material.

15x14x28cm  
4L, 450g

**CONTOUR MINI**

The compact, expandable bag with robust, detachable glass fibre reinforced bracket allows even hard MTB action. Expandable main compartment. Separate zipper-compartment on top. With carrying handle, light holder and reflector.

10x15/20x22cm  
2-2,5L, 250g

**CONTOUR MUDGUARD**

Medium-sized contour model with additional inner compartment for change or key. Flip top with covered zipper. Washable vinyl bottom. With sturdy, detachable aluminum frame, light holder and reflector.

16x17x27cm  
4,5L, 400g

**CONTOUR MAGNUM**

Top model of the Contour range for seatpost mounting. Elongated shape provides excellent protection against mud and water. Inner compartment, two side compartments, lid with net and extra compartment. Back side and bottom made of easy-to-clean vinyl material. With practical two-way zipper, light holder, reflector and aluminium bracket.

17x22x32cm  
6L, 500g

# Contour Max adapter and bags **KLICKfix**

The Contour Max Adapter extends the successful KLICKfix System to include mounting possibilities on seat posts. Can be mounted on all seatposts Ø 25-32mm. The twin aluminum frame provides strong support for the bag. Contour and Contour Max Adapter accessories are not compatible.

**KLICKfix TIPP!** Supported by the twin aluminium frame, Contour Max bags are able to bear a greater amount of weight (up to 3 kg) than regular Contour bags. Thanks to their slim shape, they also provide more space and especially good protection against dirt and splash water. Oversize clamp Ø 32-36mm available as an accessory.

Accessory includes Contour Max adapter

## CONTOUR MAX SPORT

Sportive look and plenty of space. Roomy main compartment, side bags with additional pouches. Small bag at the rear side, reflector and lightholder. Elastic string for raincoat on the top. Bottom made of easy-to-clean vinyl material.

28x22x38cm  
10L, 880g

## CONTOUR MAX TOURING

Elegant, comfortable bag for day-trips. Large side bags with zipper and additional compartments, on one side with net. Main compartment with 2-way-zipper, small compartment for valuables on inner side of cover. Bottom made of easy-to-clean vinyl material. Rear side with reflector and lightholder.

28x25x35cm  
9L, 780g

# Bags with Rackpack adapter & carriers

All Rackpack models are equipped with the new Rackpack adapter at the bottom. Simply slide the bag onto the carrier and it will lock in automatically and securely. Just pull the strap for easy release!

**Klickfix TIP!** All bags with Rackpack adapter can also be used on the Tubus carriers Cosmo Locc and Cargo.

Accessory includes Rackpack adapter 

## RACKPACK 1

Bag with foam support on all sides. Main compartment with a double zipper and an additional top flap under which you can store jackets or pullovers. With reflector, lightholder, handle, raincover, and foldable bottle compartment on rear side.

28x22x35cm  
750g, 10L

## RACKPACK 2

Simple, functional bag in the classic R&K design, with bottle compartment on the rear side. With reflector, lightholder, handle and raincover.

24 x 23 x 25 cm  
750g, 10L

## FREERACK

Self-supporting aluminium rack for seat posts Ø 25-32mm. Secure and easy mounting with 4 screws. Especially designed for combination with the new Klickfix „Rackpacks“ (the dimensions of the rack's central bar exactly correspond to the bottom coupling of the Rackpacks). Surface: black anodised. Includes rear-side plate for reflector or backlight. Can also be used for baskets (watch max. load).

12 x 13 x 47 cm, 580g  
max. 10 Kg

## RACKPACKER

Aluminium rack for 26" and 28" bikes with corresponding integrated frame threads. Secure and easy mounting with 4 screws. Especially designed for combination with bags with Rackpack adapter. Surface: black anodised. Includes rear-side plate for reflector or backlight. Good side supports for bags with fold-out pockets. Can also be used with all panniers with Klickfix rail or as platform for the Klickfix carrier adapter.

11,8 x 35,5cm, 880g  
max. 25 Kg

## RACKPACK 1 PLUS

Like Rackpack 1 yet with much more additional space thanks to 2 large fold-out sidepockets, on one side with mesh. With reflector, lightholder, handle and raincover. Pull the strap for easy release! Only for carriers with side frame (Freerack Plus, Rackpacker).

28x28/48x35cm  
1000g, 13-18L

## RACKPACK 2 PLUS

Like Rackpack 2, but with two additional fold-out pockets (one side with mesh), lid with 2 net pockets. Handle works also as tension belt for fixation of jacket. With reflector, lightholder, handle, rain cover. Only for carriers with side support (Freerack Plus, Rackpacker).

30x23/43x35cm  
900g, 12-16L

## FREERACK PLUS

The same as Freerack, but with additional side supports that make it especially well suited for bags with extendable side pockets (e.g. Rackpack 1 Plus, Rackpack 2 Plus). Can also be used for small side panniers.

12x30x47cm, 740g  
max. 10 Kg

CITA VARIO

Smart economy shopping-bag with extra compartments for key and purse. Comfortable, detachable shoulder belt. Expandable volume with drawstring opening. Includes continuously adjustable Vario hooks for standard carriers Ø 6-16mm. This model cannot be used on the KLICKfix carrier adapter and nor combined with topcases or baskets because the bag rises above the carrier level.

30x35x16cm  
1100g, 18-20 L

CITA GTA

This smart, practical shopping bag has an expandable main compartment with drawstring as well as several extra compartments on lid and front side for key and purse. Wide, detachable shoulder belt. Reinforced with flexible soft foam. Includes hooks for carrier adapter and additional hooks with blue catch for standard carriers Ø 6-12mm.

30x35x16cm,  
1100g, 18-20 L

CITYBAG

Simple, functional bag for shopping or leisure. The sloped top allows easy access to the bag even when used in combination with baskets. Double-faced fabric with foam insert. Two pouches inside. Two-way-zipper, solid back and bottom. Includes hooks for carrier adapter and additional hooks with blue catch for standard-carriers 6-12mm.

30x35x14cm  
750g, 15L

CITA PLUS

Fashion model with stripe-design and foam-supported shape. Yellow rain-cover and additional zipper compartment. Extra compartments for key and purse. Comfortable, detachable shoulder belt. Expandable volume with drawstring opening. Includes hooks for carrier adapter and additional hooks with blue catch for standard-carriers Ø 6-12mm included. Available in black or beige.

30x35x16cm,  
1250g, 18-20L

TOURINO

Multi-functional bag for carrier adapter with extendable side compartments and several extra compartments. Main compartment with subdivisions. Jacket etc. can be securely fixed on top in net compartments or under adjustable handle. With bottle-sized pouch at rear, rain cover, reflector and lightholder. With coupling for KLICKfix carrier adapter or Atran carrier.

22x22x38cm  
800g, 12-16L

extendable side compartments

TRAVELSET COMPLETE

Comfortable travelling pannier set for KLICKfix carrier adapter. All bags can be clicked on within seconds and are centrally secured by the integrated lock, whether they are used as a set or on their own. The set consists of 2 Travelbags GTA, Travel Topcase and carrier adapter.

TRAVELBAGS GTA

Comfortable, elegant panniers with foam-supported shape. Well-organized with outer net compartment, large front compartment and several inner compartments. Solid handle, detachable shoulder strap, reflectors on both sides, separate raincover. Two-way zippers allow convenient access even when bag is used in combination with a topcase. Due to the asymmetrical rail position, available only in pairs.

40x35x14cm  
1400g, 2x18L

TRAVEL TOPCASE

Large, sturdy suitcase – suitable also for better clothing. Full-size outer net compartment, handle and detachable shoulder strap. Two zipper compartments inside. Separate raincover. With coupling at the bottom for the carrier adapter or Atran carrier. Can be combined with the side panniers Cita, Travelbags GTA or Citybags.

45x15x35cm  
1600g, 26L

The large plate creates an even platform and at the same time serves as an adapter for baskets, topcases and bags. All accessories can be locked through a central bar, easy to release by pressing the red button. The adapter plate is screwed onto the carrier (of up to 14.5 mm width) with two strong brackets. Boxes, baskets or topcases (with KLICKfix coupling at the bottom) are „clicked“ into the middle of the adapter. Bags can be hung into the side slits.

**KLICKfix TIP!** The Travelbag is also available as a single pannier for use on standard carriers (see accessories with Universal Rail). However, in that case it cannot be combined with baskets, boxes or topcases.

# Alternative R&K solutions for mounting baskets permanently

If you are looking to mount your baskets permanently on your bike, explore this page for affordable and secure solutions that are quick and easy to install. Whether it is for handlebars or carriers, boxes, wire baskets or meshed baskets, a corresponding mounting piece is available – yet without KLIICKfix quick release features.

## KORBfix I

Universal, economical screw mounting system for all wide meshed wire baskets on standard carriers without spring clamp. Available in pairs. For the fixation of bigger accessories with heavier loads, we recommend installing 2 pairs of KORBfix.

## KORBfix II

Mounting parts for tightly meshed baskets or for boxes. Fits all carrier types. The accessory is securely fastened and will not rattle. Available in pairs. For the fixation of bigger accessories with heavier loads we recommend installing 2 pairs of KORBfix.

## FIXBASKET HOLDER

For everyone who prefers a permanently mounted basket. Thanks to the patented anchoring cable, the adapter holds accessories in a fixed, stable position even with heavy loads up to 7kg. Fits all standard handlebars from Ø 22-26mm. No additional support to fork or headset is required. The matching basket can be mounted on the handlebar at different heights, leaving enough space for the light. Since the basket is permanently fixed, it has no handle.

All wire baskets and meshed baskets shown here lock automatically into the upper part of the KLIICKfix carrier adapter or ATRAN carrier– simply place the accessory on top and slide it forward. Different side panniers, baskets, boxes and topcases for the carrier system can be used on their own or in combination with others.

**KLICKfix TIP!** With our coupling set GTA, you can make your own box compatible with the KLIICKfix carrier system.

## BOX

Basic box model that clicks onto the KLIICKfix carrier-adapter. Lockable and rain-protected storage for smaller belongings such as helmets, etc. Textured surface. When mounted on the KLIICKfix carrier adapter, this box can be also used in combination with side bags (Citybags, Cita or Travelbag GTA). You can also mount this box permanently and securely onto your carrier with Korbfix II, yet without the KLIICKfix quick-release advantages.

25 x 18 x 35cm  
1000g, 12L

## UNIX I

Time-proven wire basket, ideal for school, leisure and shopping. With handle and welded KLIICKfix coupling at the bottom for carrier adapter or Atran carriers.

40 x 17 x 30 cm,  
900g, 20 L

## UNIX III

Our largest wire basket with plenty of volume. Welded KLIICKfix coupling at the bottom for the KLIICKfix carrier adapter or Atran carriers. Black coated surface.

55 x 20 x 36cm  
1400g, 40L

## CITYBOX

High-quality box made for the KLIICKfix carrier system. Shell made of impact resistant ABS with aluminum frame. Integrated lock and detachable shoulder strap. The Citybox serves as a large and easily removable container for clothes, helmet, jacket, etc. Also well-suited for files. When mounted onto the KLIICKfix carrier adapter, the box can also be used in combination with sidebags (Citybags, Cita or Travelbag GTA).

30x21x40cm  
1400g, 22L

## CITYMAX BASKET

Mesh basket with handle and extra large volume. Equipped with coupling for the KLIICKfix carrier adapter, the basket simply slides into the adapter and locks automatically. Thanks to its slim shape, it can be used in combination with panniers (Citybags, Cita or Travelbag GTA) and will still allow easy access to the bags below.

23 x 22,5 x 36 cm  
1300g, 24 L

## COUPLING SET GTA (FOR CARRIER ADAPTER)

With the retrofit coupling set, you can make your own boxes or meshed baskets compatible with the KLIICKfix carrier system. It is simply mounted with 4 screws at the bottom of the accessory.

75g, max. 8 Kg

### Panniers

### Office and solid shopping bag for standard carriers

#### OFFICE

#### TRAVELBAG

Business case and Notepac with many excellent features. Several internal pockets with zipper, padded compartment for laptop and accessories, detachable shoulder strap, yellow rain cover. All compartments have practical features for the proper storage of documents, maps and accessories. With KLICKfix Modul-Rail for all standard carriers Ø 8-16mm. Rail is only visible when in use on bike. It can be hidden in the back pocket within seconds and can even be completely detached. This bag can be used on either the right or left side.

40 x 30 x 15cm  
1800g, 12L

Comfortable, elegant pannier for travel or business, with foam-supported shape. Well-organized with outer net compartment, big front compartment and several inner compartments. Handle, detachable shoulder belt, reflectors on both sides, separate raincover. Two-way zippers allow convenient access. With Universal-rail including adjustable hooks for standard carriers Ø 8/10/12mm, 16mm and Kettler carriers. Sold as a single item, since it can be used either on the right or left side thanks to the symmetrical rail position. (If you wish to combine the bag with a topcase, basket or box, choose the Travelbags GTA for KLICKfix carrier adapter.)

40 x 35 x 14cm  
1400g, 18L

#### CARGO

Foldable transportation bag for carriers, thoughtfully and functionally designed. Whether at college, office or shopping, Cargo offers its volume only when needed. Cargo is highly durable due to its solid base and an internal diagonal aluminium frame. By a smart folding technology the aluminium handle slides into the flat fixation position. The KLICKfix Modul-rail locking device fits automatically with all carrier diameters Ø 8-16mm. The slight inclination of the bag increases legroom and comfort. Frontbags, inner compartments, mobile bag, raincover and shoulderbelt included.

38 x 30 x 16cm  
1600g, 18L

All bags directly lock onto standard carriers. The adjustable, sliding hooks allow you to position each rail precisely and adjust it to different diameters. The lower rail prevents the bag from swinging sideways. Characteristics of our three rail types:

#### COMFORT RAIL

Classic, time-proven rail with solid, removable handle. Continuously adjustable hooks and locking mechanism for standard carriers Ø 8-13mm. The solid (removable) handle allows for comfortable, single-handed use.

#### MODUL RAIL

Professional aluminium rail with continuously adjustable locking mechanism for Ø 8-16mm. Bags are simply hung into the carrier as usual. The spring borne latches automatically adjust to the carrier's diameter when closed. The advantage: no distance pieces or tools are needed. A shoulderbelt can be fixed in the eyelets at the sides.

#### UNIVERSAL RAIL

Adjustable rail with flexible handle for all carrier sizes. Comes with adjustable standard hooks that fit Ø 8/10/12mm and additional 16mm hooks for Kettler bikes. The rail locks in automatically when it is set on the carrier.

With special GTA hooks for the Universal Rail, you can use the bags also on the carrier adapterplate.

More details about Modul-, Universal- and Komfortrail on page 24-25.

### ULTIMA COMPACT

A practical all-rounder that can also be used as a front pannier thanks to its smaller format. Wet clothes are easily stored in an outer compartment with net material for air access. Main compartment with roll closure, central tension belt, side reflectors and edge guard.

28x40x15 cm  
730g, 17 L

### CLASSIC LOWRIDER

Same features as the 'Classic' panniers but smaller and without additional outer compartment. Inner lid compartment with zipper and small extra pouch for rain cover. Includes Universal rail with adjustable hook position for standard carriers Ø 8/10/12mm, 16mm carriers and Kettler bikes. Available only in pairs. Can also be used as a small pannier on self-supporting carriers or kids' bikes.

26x36x13 cm  
2x750g, 2x15 L

### BACKPACK

Back panniers permitting particularly good access to all compartments thanks to 2-way zippers. With top compartment, separate main compartment with side opening, and outer compartments with large safety reflectors. As in high-quality backpacks, the inner compartment can be divided into two sections. Automatically locks onto carriers without the need for straps or buckles. Integrated rain cover on the front side is easily detached for cleaning and drying. Complete with Comfort Rail and removable handle. Available only in pairs.

40x38x14 cm  
2x900g, 2x21 L

## WATERPROOF

Waterproof panniers with with particularly practical features and many thoughtful details. Unlike most waterproof panniers, Ultima models provide facilitate excellent organisation. Contents are clearly arranged and easy to find.

### ULTIMA PANNIER

Large, waterproof travelling bag with flip-top lid and central belt. The outer net compartment can hold wet clothing and includes an integrated zipper compartment with air access. Reflectors on both sides. Carrying strap also serves as a tension belt. Robust edge protective strip. Large volume main compartment with drawstring closure and inner zip compartment. An additional net compartment with zipper is located on the inside of the lid.

35x48 x 17 cm  
1050g, 26 L

### ULTIMA PLUS PANNIER

This waterproof travelling bag features an additional, fully removable inner compartment within the main compartment. This allows you to remove all contents, clean and dry, in a single move. Inner compartment can be divided when necessary. Two-way zippers allow for easy access; everything can be easily stored and clearly arranged as in a suitcase

34x46x16 cm  
1380g, 24 L

### CLASSIC

Large pannier of time-proven design. With handle, integrated rain protection, and additional outer compartment with reflector. Inner lid compartment with zipper and small extra pouch for rain cover. High-quality soft polyester with waterproof coating. Includes Universal rail with adjustable hook position for standard carriers Ø 8/10/12mm, 16mm and Kettler carriers. Available in pairs.

40x40x15 cm  
2x900g, 2x25 L

**R&K TIP !** Though our Backpacks aren't new, they remain exceptionally practical—and thus have come along on all our R&K bike tours for 15 years!

For mounting on sport saddles. Compact, inconspicuous adapter shape. Simply slide in the accessory and it will lock into the adapter automatically. Fits all bags in the Micro- and Handy-series. To release, just press the red buttons on both sides.

**KLICKfix TIP!** An additional release button on the bag's adapter plate guarantees easy, single-handed access to release the saddle bag.

Accessory includes saddle adapter

**MICRO BOTTLEBAG**

Saddle bag with special drawstring bottle compartment (e.g. for SIGG bottles up to 0.75 L) and additional compartment with zipper for tools and spare tube. Main compartment can also hold a light wind-jacket

9x14x15cm  
100g, 1,5L

**MICRO SHELL**

Solid saddle bag of elegant shape with one main compartment. Compression-molded neoprene material allows for easy cleaning. Adapter plate with additional release button.

10 x 9 x 18cm  
100g, 1L

**MICRO SL**

Classic race-bike design, perfect for mini pump, tools, spare tube or folding cover. Separate side compartment with zipper. Coated polyester material. This slim bag can alternatively be mounted on the horizontal part of the frame using the Mini adapter.

7x10x20cm  
120g, 1,2L

**MICRO 30/40/100**

Saddle bag for all small important things on the road like repair set, spare tube, tools etc. Made of soft nylon with Scotchlite reflector and waterproof coating. Available in 3 sizes.

**Micro 30:** 7 x 3,5 x 12cm, 70g, 0,2L  
**Micro 40:** 8 x 5 x 13cm, 100g, 0,4L  
**Micro 100:** 10 x 7 x 15cm, 120g, 0,8L

**CABLE LOCK HOLDER FOR SADDLE ADAPTER**

Quick release comfort with Mini adapter clamp for all cable locks Ø 6-10mm. Easy mounting with stainless strap onto any frame, handlebar, stem or seat post sized Ø 15-60mm. It is simply fastened on the lock and fits into the saddle adapter or Mini adapter.

**MICRO 200 EXPANDABLE**

Largest R&K saddlebag with expandable design for more volume (1,5 to 2,0 L). Wide opening for easy access. Robust polyester with waterproof coating. Interior padding, Scotchlite reflector and lighthouse.

12 x 8/16 x 19cm  
175g, 1,5-2L

**MICRO 80/150 PLUS**

Saddle bag with extra compartment for change or key. The main compartment has enough space for repair set, battery light, etc. Made of high-quality soft polyester and easy-to-clean synthetic material. Available in two sizes.

**Micro 80 Plus:** 8 x 6 x 18cm, 100g, 0,8L  
**Micro 150 Plus:** 9 x 7 x 19cm, 110g, 1,1L

# mapholder, lockholder, holder for bottlecage

# bags for Miniadapter

Small, round and multi-functional – the KLiCKfix Mini-adapter. You can turn the head part of the adapter in 90° steps, allowing you to attach an accessory from any of four different directions. The bags can be fixed in an upright or horizontal position on the frame, handlebar, stem or seat post.

Easy UNIFIT-mounting with stainless strap on Ø 15-60 mm.

**KLiCKfix TIP!** The Mini adapter and Twin adapter can also be screwed directly into integrated frame threads for bottle cages (using countersunk head screws M5 x 25-30). Accessories for Mini adapter are also compatible with the KLiCKfix saddle adapter.

Accessory includes Mini adapter

## MINIMAP

Handy map-holder completely made of plexi-glass, easily mounted onto handlebar or stem using the KLiCKfix Mini-adapter. All map sizes simply slide in. Can also be used in combination with handlebar bags. Two sizes available.

**MiniMap I:** 9 x 15 cm, 90g (photo)  
**MiniMap II:** 12 x 25cm, 150g (without photo)

## BOTTLECLICK

The popular Bottlefix now comes with its own KLiCKfix quick-release function. In this way a given bottle holder can be quickly „clicked“ onto the bike and released again within seconds. Can be used for all common bottle cages (up to 1kg). Mini-adapter included.

## CABLE LOCK HOLDER

Universal fixture for easy retrofitting of cable locks. The Mini adapter is mounted via the stainless strap onto frames, handlebars or seat posts Ø 15-60 mm. The associated retrofit lock holder can be attached to cable locks Ø 6-10 mm.

## HANDY DURATEX

Mobile phone pouch made of top-quality, durable Duratex fabric for optimal protection of sensitive contents. Ideal for mounting on handlebar or stem. Thanks to the elastic sides, this model fits for all common mobile phones.

6 x 13 x 2,5cm  
55g, 0,25L

## HANDY ZIP XS

A bag for minimalists, fitting for small compact mobile phones. With small, oval adapter plate. Main compartment and additional pocket for key, credit card or change, both with zipper. Can also be used with the saddle adapter.

6 x 12 x 3 cm  
50g, 0,2L

## HANDY ZIP

A handy little bag for mobile phones, glasses, etc. Main compartment with zipper. Additional pocket for key, credit card or change. Available in two sizes. It can also be used with the saddle adapter.

**Zip I:** 75g, 0,3L  
6 x 14 x 3,5 cm,  
**Zip II:** 90g, 0,5L  
6 x 17 x 4 cm

## FREELINER

Our map-holder with swivel coupling for quick turns from horizontal to vertical position. Perfect for all „bikeline“ maps and map formats up to 24,5x12,5cm. Sturdy transparent raincover protects maps from wind and rain. Can be detached within seconds and fixed again securely with a single „KLiCK“.

24,5 x 12,5  
110g

## U-LOCK HOLDER

The quick-release retrofit kit for Ø 12mm U-locks. The coupling can be directly mounted on the steel U-frame. Easy mounting with two stainless straps which make it suitable even for heavy locks (up to 2kg). Fits frames Ø 15-60mm. The adapter can also be mounted onto integrated frame threads for bottle cages using countersunk head screws M5x25-30mm (not included).

## COMPACT

For everyone who does not need a large handlebar bag or wishes to combine a compact bag with the Sunny map holder. Two main compartments with zipper for camera, glasses and anything else you need at hand. Especially well-suited for mounting on the stem.

11 x 19 x 9 cm  
180g, 2L

## LIGHT BAG MINI

Mini Bag for anything that needs to be within quick reach, whether it is your camera, glasses, energy bar or water bottle. The soft inner lining provides ideal protection for objects with sensitive surfaces, such as aluminum bottles. Outer mini-compartment with zipper for keys and small change. The drawstring can serve to close up the main compartment or to hold bottles tightly in place.

Ø 10 cm x 15 cm  
150g, 1L,

## Spokey and Unidisc

## permanent mountings

**UNI** UNIFIT is a mounting system for bike accessories. It fits any diameter up to 60mm and is easily mounted even onto oval frames. The stainless steel strap can be cut to the desired individual length.

No risk of scratching even sensitive frame surfaces, thanks to rounded strap edges.

### SPOKEY

The legendary, patented spoke tool, extremely light and robust. The unique design has proven its quality for 25 years among bikers and bike mechanics alike. The hardened steel insert is manufactured with the highest precision and grips the spoke nipple on all sides. A must-have in any toolbox, at home and on the road.

**Spokey 3,25mm red**  
**Spokey 3,40 mm black**  
4,5 x 4,7cm, 10g

### SPOKEY PROFESSIONAL

The double-layered metal insert doubles the surface contact between tool and nipple. This allows you to perform a larger number of turns with less pressure. Especially well-suited for professional use, high torque, and sensitive aluminum nipples. Double insert grips spoke nipple on all sides and prevents damage of nipple edges.

**Spokey 3,25mm red**  
**Spokey 3,40 mm black**  
4,5 x 5cm, 12g

### UNIDISC

The first universal chain wheel disc of break-resistant material and modern design. New mounting system with glass fibre reinforced adapter socket that can be screwed into crank centre. Fits all cranks with inner thread. Disc does not come into contact with chain ring. Fast and easy mounting with single central screw. Available in black or transparent material. For chain wheels up to 48 sprockets.

Diameter 21cm, 90g

### PUMPfix

Universal pump holder. All pump sizes can be fixed between Pumpfix and the frame. Easy mounting with stainless steel strap on frames sized Ø 15-60mm. Only for pumps with indentation for pump holders.

### BOTTLEfix

Retrofit kit for any kind of bottle holder. The adapter head revolves in 90° steps and thus permits the fixation on handlebars, frame or seat post. Easy mounting with stainless steel strap on Ø 15-60mm. Especially practical on bikes without integrated frame threads (such as kids' bikes).

### MINIMOUNT

Retrofit kit for lightweight accessories like reflectors, lights etc. The 360° revolving top permits many different mounting positions. Easy mounting with stainless steel strap on tubes Ø 12-28mm.

### BOTTLEfix EXTENDED

Retrofit kit for mounting bottle holder on the seatpost. Fits all common seat posts and bottle holders.

ADAPTER	DESCRIPTION	EXAMPLE
	<b>HANDLEBAR ADAPTER</b> proven since years, robust, glass fibre reinforced. The patented security cable ensures that the adapter remains securely fixed and does not turn downwards. The handlebar adapter can support the greatest range of accessories within the bicycle market. With or without lock	
	Accessory for the KLICKfix handlebar adapter fits also to the following versions of the handlebar adaptersystem. Simply click on in seconds. Convenient to release by pressing the red button. max. 7 Kg (p. 4-14)	
	<b>HANDLEBAR ADAPTER CADDY</b> for mounting on vertical tubes such as stems or seat posts Ø 22-36mm. Suitable for foldable bikes, scooters, wheel chairs, golf caddys etc. Robust body made of fibre glass reinforced polyamide. max. 7 Kg (p. 17)
